nogocomments

v3.0.4

NAME

nogocomments - Instantly Remove Comments from Your Go Code

SYNOPSIS

nogocomments [**INPUT_FILE**] [**OPTIONS**]

DESCRIPTION

`nogocomments` removes comments from Go source code. It reads Go code from a file or the system clipboard and writes the result to standard output. It supports both complete packages and standalone code snippets.

OPTIONS

Short	Long	Description
`-h`	`--help`	Show help
`-p`	`--paste`	Read code from clipboard
`-v`	`--version`	Show version, build details, and license

EXAMPLES

Remove comments from Go source code that has been copied to the clipboard:

```
nogocomments --paste
```

Remove comments from a Go file and print the result to the terminal:

```
nogocomments --file /path/to/your/file.go
```

Remove comments from a Go file and write the result to a new file:

```
nogocomments --file /path/to/your/source.go > newfile.go
```

Print the version, build details, and license information:

```
nogocomments --version
```
